Chamonix – the ultimate experience

We pick you up in Geneva; it is the starting moment for a trip that will give you another view of what skiing is all about. We will give you the keys to a massive playground, including the best skiing runs of France, Italy and Switzerland. We know where to find the best snow, what equipment you need, and where to find the best place for a lunch break. Accommodation is in one of our nice partner chalets, the food is served by our private chef or if you prefer downtown in some of the very good restaurants around. Later in the evening you might try the Jacuzzi or a calvados in front of the fire place, before we check all the equipment for next day's challenges.

For us the skiing and the passion are most important and we like to share. That's the main reason for travelling with us. Exceptional service comes in the package. Chamonix is a difficult place to explore on your own, at least if your time is limited. No matter the snow conditions or number of tourists, you need a lot of experience to be able to profit in these huge mountains.

Describing a trip like this is not enough, the alternatives are so many and we do not know until it is happening, how it will happen. We are ready to sacrifice any plan if it can be changed to the better. There are many secrets to be found out in the Chamonix Valley, we will not reveal them here but we take you there when we meet.

Early in the morning our mountain guide comes by to have breakfast with us and tell us about the places we are checking out today. What mountain? Which country? What kind of runs? – We decide together. Maybe this first day we stay in sunny Le Brevent and show you some of the best and east accessed runs in Europe. At the same time our guide and the mountain guide can get a good feeling about the level of the group and if you need to change any of your equipment or give a few advices to improve your skiing skills.

The Next day – sunshine! Powder skiing and great food in Courmayeur, Italy. The runs we know in the area are hard to describe in words. But imagine the longest and most beautiful ones you can think of. When your legs lost all muscular power you never ever thought you had, we take you to the hot springs nearby and relax under a clear sky, or even better in heavy snowfall. The Italian après-ski offers really good wine and charcuterie.

Would you like to feel the atmosphere in a soccer game with Milan, Inter or Juventus? Then we arrange that!

Your travel can be three days or eight or as long as you like. Xtravel will deliver, with soul, heart and true passion for skiing and service, an arrangement where you take part of the atmosphere and the culture in some of the world's most spectacular mountains.
